PRACTICE AND RESEARCH CENTER

SANERC

- Semahat Arsel Nursing Education and Research Center (SANERC) was established in December 27, 1992 in the American Hospital.
- It is the first and only training and research center established for health professionals in Turkey.

SANERC

- On 25 November 2010, It has been accredited internationally by the American Nurses Credentialing Center (ANCC) in post-graduate nursing education.
- SANERC's quality of nursing education after graduation has been approved.

ANCC ACCREDITATION

- SANERC was re-accredited for four years on October 15, 2018, until March 31, 2023.
- For more information on ANCC, please visit <https://www.nursingworld.org/ancc/>

SANERC

Our Vision

- To be a center that supports nurses in our country to be efficient and capable healthcare professionals willing to make a difference.

Our Mission

- To contribute to the advancement of the nursing profession in Turkey and to the improvement of health in Turkish society,
- To develop creative and relevant continuing education programs for registered nurses and to apply them in the most suitable and purposeful ways,
- To conduct nursing research that is ethical and evidence-based in order to improve clinical practice,
- To lead in the field of nursing at both the national and international levels.

Please visit www.sanerc.ku.edu.tr for more information.
